ISBN 978-1-55648-361-5 If you wish to purchase this directly from the web make sure you are getting a good copy and that it is 2012 and not 2011 (you will use this same book in future coding classes so you want to have the most updated one).
   
2. **2012 Generic Hospital ICD-9-CM Volumes 1, 2, and 3**, Channel Publishing (use this form and pay significantly less).
