The image contains a detailed instructional calendar for the academic year 2020-2021. The calendar is divided into four quarters: Summer, Fall, Winter, and Spring. Each calendar includes important dates such as the start of classes, final exams, registration open dates, and educational planning days. The calendar also highlights holidays and professional development days.

The calendar is approved by the Board of Trustees and includes amendments for the Summer and Fall quarters. The dates are marked for each month, including the start of classes, important holidays, and final exam dates. The calendar is designed to help students and faculty plan their schedules according to the instructional calendar.
