Courses are offered in Classroom and **Fully Online** modes. Not every course is offered in every mode. Not every course is offered online every quarter. **SEE THE FLIPSIDE FOR ADDITIONAL PROGRAM INFORMATION.**

General information for Business Students

Business students should attend the Business Information Session held every quarter on Education Planning and Advising Day – usually in Week 5 or 6 of the quarter. Students are urged to meet with their advisor on this day to plan for the upcoming quarter.

Military students enroll first every quarter – if this applies to you, be sure to take advantage of this benefit. Enrollment days/times are found on CTCLink.

CU classes can be challenged (proficiency test) for credit and/or waiving pre-requisites. Contact the CU Program Chair if you wish to challenge CU 102, CU 103, or CU 105.

Students may replace CU 105 (5 credits) with CU 103 (3 credits) and CU 203 (3 credits).

Students intending to do an internship **must meet with their faculty advisor the quarter before** to plan. These students must have completed BUS 280 before they do an internship.

Students may apply for certificates as they complete them. See your business faculty advisor to apply.

Students must maintain a GPA of 2.0 and have **no grade lower than a C** in core business classes in order to graduate.

Students should apply for graduation early in their last quarter. For example, if you will graduate in June, see the Program Chair early in April to complete the paperwork. Graduation is not automatic – you must apply. There are separate applications for receiving your degree and participating in graduation ceremonies.

Associate degree graduates can earn a Bachelor of Applied Science in Applied Management at **Tacoma Community College**. Get more information at www.tacomacc.edu/BAS
