WELCOME TO TACOMA COMMUNITY COLLEGE

Tacoma Community College has served over 500,000 students since opening in 1965. International students make up an important part of that student population.

When choosing where to study in the United States, Tacoma Community College, or TCC, offers many great benefits. Our easy online application takes 15 minutes to complete with a two-business day response time. Not to mention, **the TOEFL, IELTS, SAT and ACT are NOT required for admissions.**

We keep **our tuition costs affordable**, so more international students can study on our campus. In addition to low tuition, TCC offers many **free on-campus resources**, such as tutoring, advising, career preparation, a workout facility, ways to get involved and so much more.

When studying in the classroom, we guarantee that students will get to know their professors with our **small class sizes**. We are excited to not only educate our students, but also serve and support them during their time in the U.S.

LOCATION: TACOMA, WASHINGTON

“I think Tacoma is a very safe and easy place to live. Campus is close to many things, like roller skating and bowling, and TCC is a good place to hang out with friends.”

Naomi Farfan Sakihama
Lima, Peru

Located 10 minutes from a beach, 30 minutes from the Seattle-Tacoma international airport and 45 minutes from downtown Seattle, Tacoma Community College is beautifully situated in the northwest United States. Students will find ethnically diverse restaurants, local coffee shops, concert venues, golf courses, national and state parks as well as oceanfront all within easy access of Tacoma.

Seattle-Tacoma is known as the second tech-hub of the United States (following Silicon Valley) with companies like Amazon, Microsoft, Starbucks and Boeing headquartered here. Tacoma is also the fifth largest port in the U.S., supporting over 42,000 jobs in the region.

2+2 BACHELOR'S DEGREE

2 years at TCC (Associate Degree)
+ 2 years at college/university
= U.S. Bachelor's Degree

The 2+2 pathway takes a student no additional time to complete their U.S. Bachelor's degree, but it does come with many benefits. TCC offers small class sizes, affordable tuition, free tutoring and resources and we operate on a quarter system, which means students take fewer classes during any given term. These benefits make the 2+2 pathway a great choice for any student!

HOUSING

TCC Homestay Program

Our in-house Homestay program seeks the best families in Tacoma to host our international students. TCC International Staff will thoroughly vet each family and ensure they live no further than a 30-minute bus-ride or walking commute from campus.

Homestay has two offerings: Complete (with three meals/day) or Shared (no meals included)

Airport pick up during our arrival days is included at no cost with the TCC Homestay Program.

Local Apartment/House

Students who are 18 and older are eligible to live outside of the Homestay program in a local apartment or house. TCC Staff does not coordinate apartment placement, but there are many options surrounding campus and throughout the city at varying prices.

“A new student who comes to Tacoma should start with Homestay. They can get use to the area, to school and later live by themselves. My host parents are very nice and sweet people.”
