NEW COURSES							
COURSE	PROPOSAL TYPES				EFF DATE	JUSTIFICATION	CHANGES
ABE 019 Navigating College - ABE/ESL CC Approval: 01/06/2016	Min Credits	Max Credits	Min Hours	Max Hours	2016 Winter	Historically, persistence and transition rates for students entering college at ABE/AESL levels are low. Recently, increased success has been seen in these rates for students in guided pathways. Additionally, Comings et al. (1999) identify the 4 supports to persistence for adult students as managing positive and negative forces, self-efficacy, establishing goals, and progress toward goals. ABE 19 will provide such supports to help students be successful in college.
